Re: Fishers District Revised Sign Package – AD-22-1 Administrative Determination

Ms. Holley:

This letter is to provide you with written determination that the revised comprehensive sign package submitted on July 1, 2022, shown on Exhibit A, **is approved and is considered in keeping with the quality and character of the development.**

This decision is based upon the compatibility and consistency with the intended quality and character of the Yard at Fishers District PUD Ordinance 021918B. The revisions include additional directional and parking lot ID signs, and to allow a temporary banner to be placed above the entrance to the parking garage, on the west elevation.

Please let me know if you have any questions.

Sincerely,

Megan Vukusich  
Director, Planning & Zoning Department

PROJECT

---

The Yard at Fishers District  
S.E.C 116th & Ikea Way  
Fishers, IN 46037

NARRATIVE

---

The Yard is proposed for the 17 +/- acres located generally at the southeast corner of 116th Street and IKEA Way.

The existing property is being redeveloped into a culinary and retail shopping center with 10-12 locations for restaurants, 260 apartments, and also a dual flag hotel. The development is expected to provide approximately 105,000 square feet of space for restaurants, entertainment, service and shops. In addition, The Yard will feature a central green and one building totaling 3,000 square feet that would be used for shared culinary accelerator space to incubate new businesses, similar to Launch Fishers. This area would create a destinations for up and coming chefs and outstanding local events while also providing a gathering place for the community.

NOTE:

The following definitions are used throughout this Comprehensive Signage Plan (CSP), and are exclusive to this document.

**AGGREGATE SIGN AREA**

---

The total area of all permitted signs pertaining to any one tenant, which includes Street-front signage and storefront signage (arcade and window signage/graphics).

**ARCHITECTURAL FRONTAGE**

---

The portion of the building frontage of the leased space which has been delineated through use of reveals, patterning, materials, finishes, column breaks, etc., that creates a special area for signage.

**BUILDING LEASED FRONTAGE**

---

The overall lineal foot frontage of a leased space.

**SIGN ENVELOPE**

---

The overall height and length allowances for sign area designated for tenant sign placement on a building elevation.

**STREET FRONT SIGNAGE**

---

Signage installed parallel to the building fascia, typically located along the front of the building on a parapet, fascia, awning or building wall intended for the viewing by vehicular traffic.

**STOREFRONT SIGNAGE & GRAPHICS - PERMANENT**

---

Signage located along the storefront portion, oriented to the pedestrian. It includes the transparent portion of storefront (windows) and/or solid wall areas used for merchandise display and permanent graphics. This includes awnings, tenant suite number, logo and name identification, secondary name modifiers, hours of operation, services or name brand marketing, menu cabinets, etc.

**STOREFRONT SIGNAGE & GRAPHICS - TEMPORARY**

---

Any sign, banner, pennant, valance or advertising display constructed of vinyl, cloth, canvas, light fabric, cardboard, wallboard or other like material, with or without frames.

**ARCHITECTURAL AWNINGS**

---

Elements which are constructed of permanent type of materials and are an integral part of the building elevation design.

**CUSTOM CABINET**

---

Metal box-like structure that is internally illuminated, with multiple surface planes, colors, finishes and unique shapes and forms. Typically includes dimensional illuminated letters and opaque backgrounds.

**GRAPHICS**

---

Lettering, symbols, and logos used for name identification (primary identification), and for identification of product and services (secondary identification or modifiers).

**SIGN BAND**

---

A physical architectural feature on a building surface, often above building entrances, designed to accommodate wall signage.

**SIGN ENVELOPE**

---

A designated area on a building elevation that defines the outermost reaches that a sign can occupy. The area of a sign envelope is usually determined by ascribing a percentage of available horizontal and vertical wall space to be the sign envelope. A sign envelope does not necessarily define the allowable sign area for a sign. A sign envelope can be located within a sign band.

**SIGN AREA**

---

The area of a sign structure in which copy and graphics may be placed. Sign area shall be computed by surrounding each graphic element with a rectangle calculating the area.

**MARQUEE/ VERTICAL BLADE SIGN**

---

A permanent sign structure in a vertical format attached to and supported by the building and projecting over public walkways. A vertical marquee is completely supported by the building and has no support poles or columns that extend down to the ground.

**CANOPY**

---

An overhanging structure affixed to a wall, or superimposed upon any roof like structure, and extending over a sidewalk, walkway, or vehicle access area.

**GENERAL SIGN STANDARDS AND REQUIREMENTS**

All signs within Fishers District must be compatible with the standards outlined in these CSP Standards. The purpose of the sign standards is to ensure an attractive shopping environment and to protect the interests of the surrounding neighborhood, owner, and tenants of all parcels within Fishers District. Conformance will be strictly enforced, and any installed non-conforming or unapproved signs will be brought into conformance at the sole expense of the tenant. Before designing signs, all tenants will receive a copy of these signage standards. Sign plans submitted to the owner's representative for approval must conform to these standards. The owner's representative may administer and interpret the criteria as it applies to signage designs. All signs must be approved in writing by the owner's representative prior to application to City of Fishers, for permitting.

This criterion is intended as a guideline for all signage for all buildings in Fishers District shopping center development. The Tenant's sign(s) shall be limited to the Tenant's approved name as stated in the Lease or as otherwise approved in writing by Landlord. The use of a corporate logo or other established corporate insignia is permitted only if specifically approved in writing by the Landlord. Taglines or identifications of specific products or services are not permitted. All signage will conform to the Comprehensive Sign Plan, placement, location, area, etc.

For owner's representative review, send signage drawings to:

Thompson Thrift Development Inc.  
Attn: Fishers District Const. Mgr.  
111 Monument Circle  
Suite 1600  
Indianapolis, IN 46204

Thompson Thrift Development Inc.  
Attn: Property Mgmt.  
901 Wabash Ave.  
Suite 300  
Terre Haute, IN 47807

**SIGNAGE PROPOSAL**

---

Each tenant must submit to the owner's representative three (3) sets of detailed shop drawings (or a PDF Electronic Copy) showing locations (on buildings and/or property), dimensions, sizes, design, colors, materials, lettering, graphics, conduits, junction boxes, sleeves, and other mounting apparatus of all proposed freestanding, wall, window, and rear door signs. This submittal must be made at least fifteen (15) days prior to submitting requests for permits or manufacturing.

**SIGN CONTRACTOR'S RESPONSIBILITIES**

---

Prior to preparation of signage drawings and specifications, the tenant's sign contractor must review all architectural, structural, and electrical documents as they relate to the building wall and/or storefront at the proposed signage location. In addition, the sign contractor should visit the project site to become familiar with as-built conditions and to verify all dimensions.

**SIGN SHOP DRAWINGS**

---

Sign shop drawings submitted by the Tenant shall provide complete information for the Landlord to understand the signage design, installation and appearance. Sign shop drawings shall:

- 1) provide an elevation, in scale, of the storefront façade illustrating each sign's location and size.
- 2) provide a section or sections through the sign.
- 3) identify the materials and construction.
- 4) provide complete information on installation.
- 5) provide electrical specifications for signage.

**TENANT RESPONSIBILITIES FOR OTHER REGULATIONS**

---

The owner's representative's approval of a tenant's signage plan does not constitute an implication, representation, or certification by the owner's representative that those plans are in compliance with applicable statutes, codes, ordinances, or other regulations. Compliance with other regulations is the sole responsibility of the tenant for all work performed on the premises by, or for the tenant.

**OWNER'S REPRESENTATIVE REVIEW**

---

After review of the signage proposal, the owner's representative will return one of the three sets of drawings (or a PDF Copy) to the Tenant, marked either "Approved," "Approved as Noted," or "Revise and Resubmit."

**"APPROVED"**

If drawings are marked "Approved," the Tenant is allowed to proceed with sign permitting. Upon permit approval, construction and installation in accordance with the drawings may commence.

**"APPROVED AS NOTED"**

If drawings are marked "Approved as Noted," the tenant is allowed to proceed with sign permitting and then construction and installation, provided that any modifications noted are incorporated into the design. An applicant that takes exception to the noted modifications may revise and resubmit, as explained below.

**"REVISE AND RESUBMIT"**

If drawings are marked "Revise and Resubmit," the plans will be returned to the tenant with comments. The drawings must be revised and resubmitted for owner's representative approval.

**INSTALLATION/ SEALING OF BUILDING WALL PENETRATIONS**

---

All mounting is to be performed by the tenant's sign company. No exterior raceways are permitted. Tenant's building signage must be mounted directly to the building façade or canopy as shown on the elevations. Façade penetrations should be kept to a minimum. All penetrations of the building wall structure required for sign installation shall be neatly sealed in a watertight fashion. No roof penetrations are allowed.

**OPENINGS IN BUILDING WALLS**

---

Locations of all openings for conduit and sleeves in building walls must be indicated by the sign contractor on the drawings submitted. The contractor shall install the sign in accordance with the approved drawings. All penetrations made shall be sealed during the sign installation to prevent damage to the building walls/ materials.

**DAMAGE CAUSED BY OR DURING INSTALLATION**

---

The sign contractor and/or tenant will pay for any damage to a building's fascia, canopy, structure, roof, building elements or flashing caused by sign installation.

**UPKEEP AND MAINTENANCE**

---

Each Tenant is fully responsible for the upkeep and maintenance of its sign(s), including any individual pylon or monument signage, and tenants are to repair any sign defects within five (5) days of notification. If a tenant does not repair said sign(s), the owner, at the tenant's sole cost and expense, may repair and/or replace sign(s). A penalty of 100% of the owner's cost to repair said signage, in addition to the cost of the repair, may be assessed to the tenant if the landlord or building owner is required to provide the necessary maintenance due to the tenant's non compliance following notification.

**OWNER'S RIGHT TO MODIFY REQUIREMENTS**

---

The owner's representative has the right to modify the sign design standards and requirements for any Tenant.

**REQUIRED INSURANCE FOR SIGN CONTRACTORS**

---

All sign contractors must carry workers' compensation and commercial liability insurance against all damages suffered or done to any and all persons and/or property while engaged in the construction or installation of signs, with a combined single limit in an amount not less than two million and no/100 dollars (\$2,000,000.00) per occurrence. Every sign contractor must hold a current contractor's license in the State of Indiana. Landlord or building owner must be named as additionally insured in the workers' compensation and commercial liability insurance. Contact the owner's representative for this information.

**ILLUMINATED SIGNS**

---

The City of Fishers requires permits for all signs and electrical permits for all signs that are illuminated. It is the Tenant's sole responsibility to secure these and any other permits that may be required, and to remain in compliance with these approvals and permits.

**ILLUMINATION TIMER**

---

Power to illuminate the tenant's sign is to be from tenant's electrical meter, switched through a time clock and photo cell, set in accordance with schedules determined by the owner and shopping center manager.

**FREESTANDING SIGNS**

---

All freestanding signs must meet applicable setbacks, and their installation must comply with all local building and electrical codes.

**MONUMENT / PYLON SIGN**

---

Pylon/monument signs are located as shown on the site plan exhibit. Panel allocation is by consent of Landlord and is based on availability and square footage of Tenant's leased space. Tenant to pay an additional fee for signage space on the pylon. The Tenant will be responsible for providing and installing Tenant's own panel via the original sign contractor used to construct the sign or another reputable sign company approved by Landlord. Sign panel dimensions vary depending on their location and must be field verified prior to fabrication. Notwithstanding the above, Landlord reserves the right, in Landlord's sole and absolute discretion, to relocate or adjust the size of a Tenant's sign panel on the pylon/monument sign at any time in the future in the event it is necessary to accommodate other tenants in the Center.

**WALL SIGNS**

---

Permitted Tenant/Corporate logos shall be a maximum of 96 inches in height and shall be reviewed in conjunction with the adjacent architecture for massing and proportions. Conflicts in appearance or architectural intent may constitute an adjustment in the allowable height as deemed necessary by the Landlord. Maximum length of a logo excluding individual letters shall not exceed 50% of the overall lineal footage of the tenant space. Logo size shall be calculated into the total allowable length of signage. Box signs are not permitted for logo presentation. Logo signage construction must follow the outline of Tenant/Corporate logo.

**MARQUEE SIGNS**

---

Where the architecture allows, and subject to landlord direction certain tenants may be allowed to place a Marquee Sign on the face of their tenant space or building. Not all tenant spaces can allow a Marquee Sign.

**CANOPY SIGNS**

---

Where the architecture allows, and subject to landlord direction certain tenants may be allowed to place a Canopy Sign on the face of their tenant space or building. Not all tenant spaces can allow a Canopy Sign.

**PROHIBITED SIGNS**

- No signs, advertisements, notices, or other lettering shall be displayed, exhibited, inscribed, painted, or affixed on any part of the buildings visible from outside the premises, except as specifically approved by the owner's representative.
- Signs that are installed without written approval from the owner's representative, or that are inconsistent with approved drawings, may be subject to removal and reinstallation by the owner at the tenant's expense.
- Rude, obscene, offensive, animated, flashing, blinking, rotating, moving, audible signs, or signs that emit smells; placards; posters; playbills; postings; paintings; flags; signs in public rights-of-way; and fixed balloons are not permitted in any location, whether or not visible from outside the premises.
- Change-panel signs are prohibited. Prohibited signs will be removed at the owner's discretion.
- Box signs
- Exposed/visible raceways
- Exposed junction boxes (must be inside or behind wall)
- Exposed Neon (only allowed with Landlord approval)
- Painted on the surface of a building (only allowed with Landlord approval).

**MESSAGES**

Signs are restricted to advertising either (a) the person, firm, company, or corporation operating the use conducted on the site, or (b) the products sold therein.

**SIZE LIMITATION**

Each Tenant must limit the area of its sign in accordance with the area allocated for signage. Maximum letter height and length varies according to storefront, but it must not exceed the area allocated for signage. Each Tenant will be granted a minimum of one sign.

**WINDOW SIGNAGE**

The use of illuminated and non-illuminated signage is prohibited except as permitted below. Prior to fabrication and installation, a professionally prepared "Proof" of all window signage must be submitted to Landlord, for approval, such approval to be at Landlord's sole discretion. Upon Landlord's approval, Tenant may install product photos/posters in the storefront windows of the Leased Premises so long as no more than 50% of not more than two storefront windows is covered at any one time. Tenant agrees that its window signage must comply with applicable governmental requirements, if any, and be in keeping with signage typically utilized in an upscale shopping center in the Fishers, Noblesville and Carmel areas. Further, Landlord's approval of window signage does not imply that the window signage meets with local municipality guidelines, nor shall any approval by Landlord constitute any liability with respect to fees or penalties that may be otherwise imposed by the municipality for non-conforming signage. Any signage must not be of an undesirable content or quality (i.e. hand lettered/painted signage, stick on numbers, profanity, lewd pictures, etc. are strictly prohibited). Small sticker or decal, indicating hours of business, emergency, telephone numbers, acceptance of credit cards and other similar bits of information are acceptable.

**STORE HOUR SIGNAGE**

The overall store hour signage may be a maximum of fourteen (14) inches high and ten (10) inches wide. Letters and numbers shall be a maximum of one (1) inch high. The use of advertising logos other than the tenant's name shall not be permitted. Letters shall be vinyl applied or professionally painted to the inside face of the storefront glass.

**LABELS**

No labels are permitted on the exposed surface of signs, except those required by local ordinance. Sets of individual letters shall have one label on an end letter only. These are to be installed in an inconspicuous location.

**REPETITIVE SAFETY SYMBOLS**

Repetitive safety symbols (graphically designed) or logo lettering groups shall be applied to the storefront glass as necessary for identifying transparent storefront surfaces for customer safety purposes. Symbols are limited to one symbol or one three-lettered logo lettering group per tenant. Also permitted is a combination of one symbol and logo lettering group. Logo lettering groups must reflect the name of the tenant, i.e. 'Andy's Music Store' may be permitted to use 'AMS'. Logo lettering groups and symbols shall be a maximum of three (3) inches in height and three (3) inches in width. Repetitive safety symbols shall be vinyl applied or professionally painted to the inside face of the storefront glass. No more than two (2) symbols, two (2) logo letter groups, or one (1) symbol and one (1) logo-lettering group shall be permitted for each storefront window as defined by mullions. Symbols and logo lettering groups may be black and white or color.

**ADDRESSES**

Landlord will be responsible for numbering each space so that it is in compliance with local E911 ordinances. One street address is permitted for each set of entry or exit doors. Address Numerals font shall be Proxima Nova Bold (see Creative Elements, pg. 8). Material Finish is to be Satin Finish or Matte Finish White. Addresses shall be limited to the street number only. Addresses shall be applied to the interior face of glazing above main entry doors with a maximum Numeral 'X' Height of 4". Addresses on rear service doors shall be mounted at a height of approximately 5'-3" above finished floor.

**ADDRESS NUMBERS CAP HEIGHT**

**BUILDING SIGNAGE- FRONT FACADE**

- In all cases, the Tenant’s signage shall be proportional to the scale of the overall building façade. Overall sign lengths shall not be greater than 75% of the lineal footage of the retailer’s space as measured from the centerline of the adjacent tenant(s) demising wall(s).
- Overall tenant signage shall be limited to 96 inches from the bottom of the lowest letter to the top of the highest letter.
- If the signage is primarily (50% of letters or greater) or entirely composed of upper case letters, the maximum height of all letters shall be 78 inches.
- If the sign is composed of one upper case letter per word, with the remainder of the letters being lower case, then the size of the letters shall be as follows:
  - o Upper case letters shall be a maximum of 90 inches tall.
  - o Lower case letter “f”, “g”, “p”, “q” and “y” shall extend a maximum of six (6) inches above or below than the overall 90 inches height, so that The total letter height shall be 96 inches. This Includes signs written in script.

**BUILDING SIGNAGE- SIDE & REAR FACADE**

Signage may be allowed on the side and/or rear façade of a Tenant’s leased space at the discretion of the Landlord. A Tenant’s total wall signage package must meet the stricter of this criterion, local governing ordinance, or subdivision/shopping center covenants, where applicable.

**SIGN AREA**

To calculate the size and area of a sign, the following shall apply:

- If the sign is enclosed by a shaped or outline area, the calculated size and area of the sign includes that portion of the sign comprised of the shape or outline.
- If the sign consists of individual letters attached directly to the building or wall, the size and area is determined by drawing a rectangle around all lines of copy and logo (including all spaces between letters and logo). More than one rectangle can be used in defining the sign size and area as long as each rectangle is conjoined to an adjacent rectangle. If more than one rectangle is used, they must all be conjoined in some way. The sign size and is determined by the full vertical and horizontal extents of all rectangles. The sign area is determined by the sum total of all drawn rectangles. (See diagram below)
- If the sign is on a background such as a blade sign then the entire background is included in the calculation. If only one face of the sign is visible at a time, then only one face is counted toward the total allowable sign area.

**SIGN ENVELOPE**

- The Sign Envelope is a defined area within the vertical and horizontal background of the Building Surface upon which the sign is to be installed.
- Each Sign Envelope shall be permitted one (1) Tenant Sign. Sign Envelope does not define the total allowable sign area.
- Sign Envelope defines the outermost reaches that a sign can occupy.
- No sign is allowed to exceed the boundaries of the Sign Envelope.
- In the event that a Sign Envelope is not specified by size, the horizontal and vertical dimensions of any Fascia Sign may not exceed eighty percent (80%) of the wall surface of the building, or, if a Tenant is at a corner location, the sign may not exceed eighty percent (80%) of the distance from the corner to the Lease Line.

**SIGN AREA CALCULATION**

**SIGN ENVELOPE CALCULATION**

**TEMPORARY SIGNS**

---

Temporary Signs shall require a permit unless otherwise stated below.

- Each Temporary Sign shall be permitted through the City. The fee and duration of each permit shall be as established by the city as well. Permit Fees shall be paid to the city prior to sign placement.
- Except as otherwise provided in this Section, temporary signs shall be limited to use for up to 30 consecutive days with at least 15 days between each use and a maximum cumulative display time of 180 days per calendar year. Temporary signs shall be maintained in good condition throughout the duration of use. Failure to maintain a temporary sign in good condition, as determined by the City, shall be grounds for the revocation of any TSP.
- With the exception of buildings allowed a 0-foot front setback, temporary signs shall be located on private property outside of City and County right-of-way. Temporary signs shall not be located closer than five (5) feet from the property line, or ten (10) feet from the pavement edge, whichever distance is farther from the City's right-of-way. Temporary signs shall not be located within medians.
- Temporary signs, greater than eight (8) square feet in sign area, which are displayed longer than six (6) months shall be required to install landscaping around the base equal to the sign area. The landscaping shall be at least fifty (50%) percent evergreen. Landscaping plans must be included for review as part of the sign permit application.
- Temporary signs shall be non-illuminated unless otherwise stated herein.
- No signs shall be placed on vehicles or trailers which are parked or located for the primary purpose of displaying said sign. This does not apply to lettering on vehicles operating during the normal course of business.
- No sign shall be placed within the right-of-way of any public street without the approval of the City.
- Feather Banners and Inflatables are not permitted.

**PERMIT LENGTHS FOR TEMPORARY SIGNS**

---

**Horizontal Banners (Wall Mounted or Freestanding)**

- Permits may be granted for a thirty (30) day period and may be renewed for one consecutive thirty (30) day period. After another thirty (30) day period, during which the banner is not displayed, the applicant may apply for another permit.

**Vertical Banners (Light Pole Banners)**

- Permits may be granted for a thirty (30) day period.
- Banners may only convey a non-commercial message and promote community activities, celebrations or events. Business logos will not be permitted, unless approved by Landlord.

**Special Events**

- The Administrator may issue a three (3) day permit up to two (2) times per year.

**Grand Openings**

- A one-time Grand Opening permit may be issued for new businesses. The Grand Opening permit may be granted for seventeen (17) days

**APPROVED TEMPORARY SIGN TYPES**

---

**Banners**

- Banners shall be no greater than fifty percent (50%) of the permanent sign area

**On-site A-Frame Signs**

- Placement must allow for a minimum 3 foot pedestrian pathway to/from all building entrances and exists.
- Shall not exceed 4 feet in height and 3 feet in width.
- Shall be constructed of durable materials with a stable, weighted base.
- Shall be limited to 1 per business or tenant per public street frontage.
- Shall not be illuminated or animated in any way.
- Except as otherwise specified in this Section, A-frame signs shall only be displayed during normal business hours of operation.

**Balloons**

- Shall not exceed the allowed building height for the zoning district in which the business is located.
- Shall not occupy any required parking spaces.
- Shall be securely tethered or anchored and shall not be affixed or attached to any traffic signals, street signs, or other public safety device.
- Shall not be located on the roof of the building.

**Freestanding Penants**

- Shall have a maximum area of 16 square feet and a maximum height of 12 feet.
- Shall be constructed of durable materials with a stable,

weighted base.

- Shall be located on-site and in an area free of pedestrian or vehicular traffic.
- Unless no other practical alternative is available, pennants shall not be located adjacent to public right-of-way.
- Shall not occupy any required parking spaces.
- Shall be limited to 2 pennants per business.

**Light Pole Banners (Vertical Banners)**

- Light Pole Banners may only be installed on Light Poles on secondary roadways within the development.
- Shall be securely tethered or anchored to light pole. with mechanical fasteners painted to match pole. Banners and mounting must be designed so that they will not scar or damage poles. Mountings may not be permanently attached to poles.
- One Light Pole may have up to two (2) banners side-by-side. Light Pole Banners may be Double-Sided. Banners may be up to 18" wide and up to 60" tall.
- All banners must be made of fabric or non-rigid material. Mesh Banner Scrim or Vinyl Scrim with windslits is recommended.
- The maximum mounting height must not exceed eighteen (18') feet to the center of the banner.

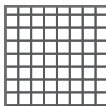

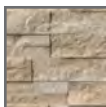

**Special Events**

- Special Event Permits allow for signs, balloons, streamers, and decoration. These must be placed on the property of which the permit is approved.

TYPE FAMILIES CRITERIA

Development Identification signs shall utilize the Creative Elements exhibited on this page as follows

- The typestyles exhibited on this page shall hereinafter be referred to as the "Project Fonts."
- Titles, Headers, Place Names, and Direction that pertain to The Yard development shall utilize the Project Fonts.
- Tenant signage is not confined to the Project Fonts. However, in the event a Tenant does not have branding (font and/or logo), one of the Project Fonts must be used.

TENANT NAME AND LOGOS

With Landlord approval, Tenant Names and Logos may utilize corporate colors, fonts, logos and logotypes. Background materials, colors and finishes shall be limited to comply with this Comprehensive Sign Program based on the specific sign type.

MATERIALS

Materials shown under header "Materials, Colors & Finishes" is not an exhaustive list of all materials used to fabricate The Yard signs, but rather is a listing of specialty materials that are commonly used as exterior finishes or veneers. Other materials such as steel, aluminum, acrylic and polycarbonate are also commonly used in the construction of the Yard signs.

Option A\_ Reverse Halo Illuminated

Option B\_ Down-Lighting

**CONSTRUCTION**

Aluminum backs and returns  
 Translucent acrylic or polycarbonate faces  
 Channelume, Letteredge, or similar material will not be allowed.

**DEPTH**

Minimum Depth: 3"  
 Maximum Depth: 8" for signs with concealed raceways, and 12" for self-contained letters or cabinets.

**COLORS**

All colors and combinations of colors are permissible.  
 Trimcap Color must match Return color.

Note: Maximum of two colors can be used

**FINISH**

Aluminum components to be painted and sealed with professional automotive grade paint with a smooth texture.  
 Sheen may be gloss/Satin/Flat

**ILLUMINATION**

Internal LED modules only.  
 Illumination color should be appropriate to the sign design and is not limited. Illumination source shall not be exposed or directly visible from the exterior of the sign.  
 Quantity of LED modules should be sufficient to provide an even illumination of the faces without hot spots.

**ATTACHMENT**

All sign components are to be flush mounted to Building Surface with non-corrosive mechanical fasteners appropriate to the wall type.

**ELECTRICAL**

Power supplies shall be mounted remotely for most applications. Large letters and logos may have power supplies mounted inside the pan channel. Remote power supplies should be mounted above the roof whenever possible. Exposed Raceways are not allowed.

**UL COMPLIANCE**

All electric sign components shall be fabricated and installed utilizing UL approved materials and methods by a certified UL manufacturer and shall carry UL labels on the exterior of the sign components.

**CRITERIA**

General guidelines and criteria found at the beginning of this section also apply.

**LANDLORD APPROVAL**

Regardless of the design of the sign and its compliance with the general guidelines, all signs must be approved by the Landlord prior to being submitted for permits. The Landlord reserves the right to disallow any proposed sign at its sole discretion. Signage will require a permit from the City of Fishers.

**GENERAL**

Any sign design that requires a modification to the building /structure shall first be approved in writing by the owner's rep and noted on the submittal. Any required modifications shall be at the sole cost of tenant.

Section Detail - Typical Exterior

Pan Channel / Front-Illuminated

**CONSTRUCTION**

Aluminum faces and returns  
 Clear polycarbonate backs  
 Channelume, Letteredge, or similar material will not be allowed.

**DEPTH**

Minimum Depth: 3"  
 Maximum Depth: 8" for signs with concealed raceways, and 12" for self-contained letters or cabinets.

**COLORS**

All colors and combinations of colors are permissible.  
 Note: Maximum of two colors can be used

**FINISH**

Aluminum components to be painted and sealed with professional automotive grade paint with a smooth texture.  
 Faces may have vinyl or digitally printed film applied.  
 Sheen may be gloss/Satin/Flat

**ILLUMINATION**

Internal LED modules only.  
 Illumination color should be appropriate to the sign design and is not limited. Illumination source shall not be exposed or directly visible from the exterior of the sign.  
 Quantity of LED modules should be sufficient to provide an even illumination of the faces without hot spots.

**ATTACHMENT**

All sign components are to be flush mounted to Building Surface with non-corrosive mechanical fasteners appropriate to the wall type.

**ELECTRICAL**

Power supplies shall be mounted remotely for most applications. Large letters and logos may have power supplies mounted inside the pan channel. Remote power supplies should be mounted above the roof whenever possible.  
 Exposed Raceways are not allowed.

**UL COMPLIANCE**

All electric sign components shall be fabricated and installed utilizing UL approved materials and methods by a certified UL manufacturer and shall carry UL labels on the exterior of the sign components.

Any sign design that requires a modification to the building /structure shall first be approved in writing by the owner's rep and noted on the submittal. Any required modifications shall be at the sole cost of tenant.

Section Detail - Typical  
 Custom Marquee / LED Internally & Face Illuminated / Flush Mounted

**CONSTRUCTION**

Aluminum returns  
 Translucent acrylic, polycarbonate, or aluminum faces  
 Clear polycarbonate or aluminum backs  
 Channelume, Letteredge, or similar material will not be allowed.

**DEPTH**

Minimum Depth: 3"  
 Maximum Depth: 8" for signs with concealed raceways, and 12" for self-contained letters or cabinets.

**COLORS**

All colors and combinations of colors are permissible.  
 Note: Maximum of two colors can be used

**FINISH**

Aluminum components to be painted and sealed with professional automotive grade paint with a smooth texture.  
 Faces may have vinyl or digitally printed film applied.  
 Sheen may be gloss/Satin/Flat

**ILLUMINATION**

Internal LED modules only.  
 Illumination color should be appropriate to the sign design and is not limited. Illumination source shall not be exposed or directly visible from the exterior of the sign.  
 Quantity of LED modules should be sufficient to provide an even illumination of the faces without hot spots.

**ATTACHMENT**

All sign components are to be flush mounted to Building Surface with non-corrosive mechanical fasteners appropriate to the wall type.

- Placement of sign shall be determined by the construction of the existing steel canopy.
- Placement of sign may be on the face, above, below or on the ends of the existing steel canopy.

**ELECTRICAL**

Power supplies shall be mounted remotely for most applications. Large letters and logos may have power supplies mounted inside the pan channel. Remote power supplies should be mounted above the roof whenever possible.

**UL COMPLIANCE**

All electric sign components shall be fabricated and installed utilizing UL approved materials and methods by a certified UL manufacturer and shall carry UL labels on the exterior of the sign components.

**CRITERIA**

General guidelines and criteria found at the beginning of this section also apply.

Note:  
 Where the architecture allows, and subject to landlord direction certain tenants may be allowed to place a Canopy Sign on the face of their tenant space or building.  
 Not all tenant spaces can allow a Canopy Sign.

**LANDLORD APPROVAL**

Regardless of the design of the sign and its compliance with the general guidelines, all signs must be approved by the Landlord prior to being submitted for permits. The Landlord reserves the right to disallow any proposed sign at its sole discretion. Signage will require a permit from the City of Fishers.

**GENERAL**

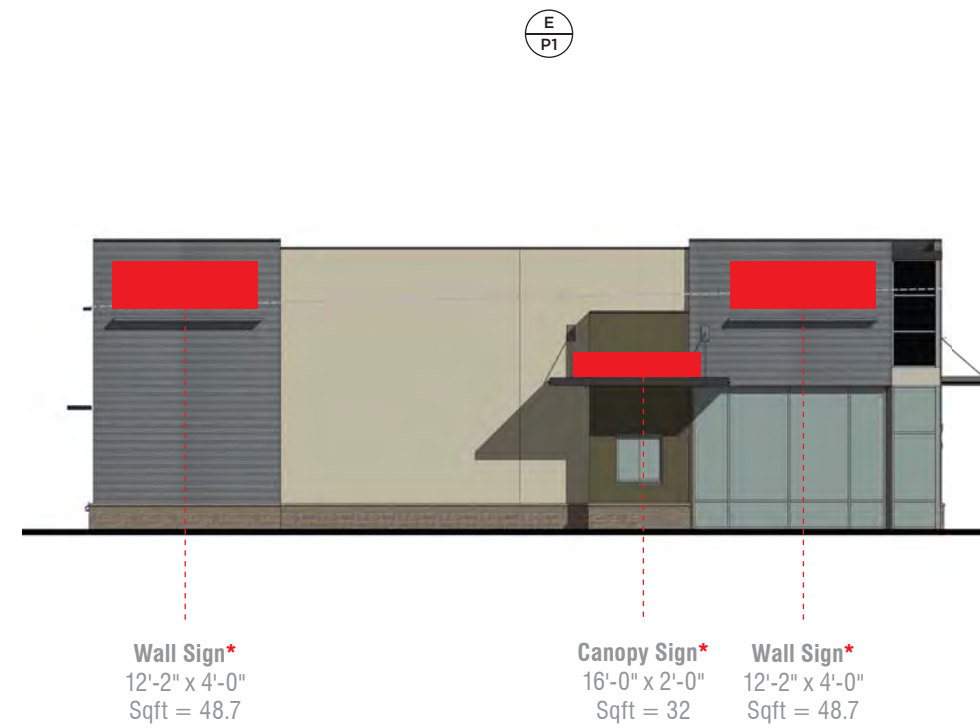

Any sign design that requires a modification to the building /structure shall first be approved in writing by the owner's rep and noted on the submittal. Any required modifications shall be at the sole cost of tenant.

**DESIGN NOTE:**

Canopy mounted signs should appear to be seamlessly integrated into the canopy by extending the fascia to conceal electrical boxes, mounting and wires, where structurally feasible. It is preferred that letters and logos be mounted directly to the electrical box or fascia to avoid exposed raceways. (See Exhibit A below).

When an extended fascia is not present, electrical boxes and mountings shall be low profile and limit exposed raceways, and colors shall match the building's colors to become less conspicuous. (See Exhibit B below).
